

CURRICULUM VITAE

Amal AbdElfattah Jouda

[Mekka st., Elsalam district, Zagazig, Sharqueya]

[Mob: 01016124371]

[E-mail: dr.amaljouda@yahoo.com]

❖ PERSONEL INFORMATION:

- **Birth date:** March 29,1980
- **Nationality:** Egyptian
- **Marital status:** married

❖ QUALIFICATIONS:

- **March, 2013** M.D in Tropical Medicine [Zagazig university]
The value of furosemide induced natruresis as a predictor of refractory ascites.
- **November, 2007** Master degree in Tropical Medicine [Zagazig university]
The impact of use of antioxidants with pegylated interferon ribavirin therapy of HCV on sustained virological response.
- **October, 2002** MBBCh [Zagazig university]

❖ EMBLOYMENT HISTORY:

- **Professor** [Zagazig university, faculty of medicine] 2023
- **Assistant professor** [Zagazig university, faculty of medicine] 2018 till 2023
- **Lecturer** [Zagazig university, faculty of medicine] from 2013 till 2018.
- **Assistant lecturer** [Zagazig university, faculty of medicine] from 2007 till 2013.
- **Resident of Tropical Medicine** [Zagazig university hospitals] from 2003 till 2007.
- **Hose officer** [Zagazig university hospitals] from 2002 till 2003.

❖ TEACHING EXPERIENCE:

- **Undergraduates teaching**
 - ✚ Teaching the course of infectious diseases to fifth year medical student traditional program [Faculty of Medicine-Zagazig University].
 - ✚ Participation in teaching of internal medicine clinical course to fifth year medical students [Faculty of Medicine-Zagazig University].
 - ✚ Participation in teaching of preventive and infection module to third year medical students integrated program.[Faculty of Medicine, Zagazig University]
 - ✚ Participation in book and teaching of neurology module to forth year medical students integrated program.[Faculty of Medicine, Zagazig University]
 - ✚ Participation in teaching of gastroenterology and hepatology module to fifth year medical students integrated program. .[Faculty of Medicine, Zagazig University]
 - ✚ Participation in teaching of academic English module to first and second year medical students integrated program. [Faculty of Medicine, Zagazig University]

- ✚ Designing and teaching the course of internal medicine for dentistry to level 4 dentistry student [faculty of dentistry, Sinai University (Kantara branch)]
 - Post graduate teaching:
 - ✚ Participation in teaching of post graduate course of gastroenterology, hepatology, infectious diseases and preventive medicine
 - ✚ Coordinator of postgraduate online teaching on Microsoft Teams.
 - ✚ Academic guidance for MD students
 - **Academic supervision**
 - Supervision of master thesis
 - 1- *Value of Ascetic Fluid Lipids in the Differentiation between Cirrhotic and Malignant Ascites*
 - 2- *XRCC1 Gene Polymorphism in --Patients with Hepatocellular Carcinoma in Zagazig University Hospitals*
 - 3- *Evaluation of Serum Kallistatin Level as a predictor of Esophageal Varices in Cirrhotic Patients*
 - 4- *Prevalence of cytomegalovirus infection among Egyptian patients with fever of unknown origin: a cause of fever of unknown origin*
 - 5- *The role of mean platelet volume in the diagnosis of spontaneous bacterial peritonitis: a cross sectional study*
 - 6- *Non-variceal Causes and Outcome of Acute Upper Gastro-intestinal bleeding among Cirrhotic Patients in Tropical Medicine Intensive Care Unit*
 - 7- *Prognostic value of Rockall score in Egyptian patients with acute upper GI bleeding*
 - 8- *Efficacy and adverse effects of sofosbuvir- based therapies (double and triple regimens) in chronic HCV patients*
 - 9- *Systemic inflammatory markers as predictors of Severity And Extent Of mucosal Inflammation In Ulcerative Colitis*
 - Supervision of M.D thesis
 - 10- *Frequency and risk factors of Clostridium difficile among patients with ulcerative colitis and its impact on response to treatment*
 - 11- *The role of Gherlin gene polymorphism in progression of chronic viral hepatitis among Egyptian patients*
-

❖ **TRAINING AND PROFESSIONAL DEVELOPMENT:**

- Consultant of gastroenterology and hepatology in Zagazig University Hospital
- Consultant of hematemesis ICU in tropical medicine department Zagazig University Hospitals
- TKT module 1 course from the British council, Egypt.
- Course in reference management using Endnote & Mendeley from Training and Continuing Education Unit
- Course in scientific writing and international publishing from Training and Continuing Education Unit
- Courses in International publication of scientific research - quality standards in the teaching process - profession ethics – exams & student evaluation systems – strategic planning – communication skills in different educational processes- credit hour system from faculty & leadership development center
- Plastination & medical education seminar organized by Armed forces college of medicine & Von Hagens Plastination GmbH

- Attendance of the annual scientific conferences of faculty of medicine Zagazig university
- Attendance of the annual scientific conferences of the Egyptian gastroenterology and hepatology Society
- Courses in windows – Office – PowerPoint from faculty of science, Zagazig university
- Course in Spsswin from faculty of science, Zagazig university

❖ **RESEARCH ACTIVITIES:**

- Publications:
 - 1- The relation between serotonin and esophageal varices in Egyptian patients with HCV related cirrhosis [journal of gastroenterology and hepatology research]
 - 2- Serum Total Triiodothyronine versus Free Tetraiodothyronine and TSH in Patients with HCV Related Cirrhosis and Their Correlation to the Severity of Cirrhosis. [open journal of gastroenterology]
 - 3- Value of diffusion-weighted MRI in evaluation of solid hepatic focal lesions in patients with renal insufficiency [Egyptian Journal of Radiology]
 - 4- Risk of Hepatic Encephalopathy in Diabetic Decompensated Liver Diseased Patients with Post- HCV Liver cirrhosis [AfroEgyptian journal of endemic and infectious diseases]
 - 5- Osteoporosis in Chronic Hepatitis C. [AfroEgyptian journal of endemic and infectious diseases]
 - 6- Serum Neopterin Level as a Marker for Activity in Chronic Hepatitis B Virus Infection [Medical Journal of Cairo University]
 - 7- Different Factors Correlated to Early Rebleeding in Cirrhotic Patients Treated by Variceal Band ligation versus Endoscopic Sclerotherapy [AfroEgyptian journal of endemic and infectious diseases]
 - 8- Value of Ascitic Fluid Lipids in the Differentiation between Cirrhotic and Malignant Ascites [clinical cancer investigations journal]
 - 9- Role of Plasma Von Willebrand Factor-Antigen in Predicting the Presence of Esophageal Varices and Occurrence of its Bleeding in Cirrhotic Patients: a Cross Sectional Study [AfroEgyptian journal of endemic and infectious diseases]
 - 10- The Effect of Laser Therapy Along With Mediterranean Diet Versus Mediterranean Diet Only on Older Adults With Non-alcoholic Fatty Liver Disease: A Randomized Clinical Trial [laser journal]
 - 11-Non-variceal Causes and Outcome of Acute Upper Gastro intestinal Bleeding among Cirrhotic Patients in Tropical Medicine Intensive Care Unit [AfroEgyptian journal of endemic and infectious diseases]
 - 12- Causes and outcome of abnormal liver functions during pregnancy: a cross-sectional study [kasr Elainy medical journal]
 - 13-Evaluation of serum kallistatin level as a predictor of esophageal varices in cirrhotic patients [Alexandria journal of medicine]
 - 14-The Value of King's Score as a Predictor of Risk of Hepatocellular Carcinoma among Egyptian Patients with Hepatitis C Virus-Related Cirrhosis [middle east journal of cancer]
 - 15- Validity of Systemic Inflammatory Markers as Predictors of Severity and Extent of Mucosal Inflammation in Ulcerative Colitis[Zgazig university medical journal]
 - 16- Optimality of 2-week Versus 4-week Intervals in Secondary Prophylaxis of Bleeding by Endoscopic Esophageal Variceal Ligation. [AfroEgyptian journal of endemic and infectious diseases]

17- Prevalence of Cytomegalovirus infection among Egyptian patients with fever of unknown origin [microbes and infectious diseases]
